It's never too early or too late to help your child get ready to read.

Parents and children (ages 0 to 5), come join us for a free interactive program on early literacy. Have fun with your child while you learn how you can help them get ready to read.

Registration is required and a light supper will be provided.

This project is made possible in part by the Institute of Museum and Library Services under the provisions of the Library Services and Technology Act, administered by the Connecticut State Library.
