Learn how to protect your life savings, Wednesday, September 20 from 5:30pm to 7:00pm. No sales, solicitations or company specific products – just information that you should know. If you're 40 or older, long-term care insurance approved by the State's Connecticut Partnership for Long-Term Care should be part of your retirement plan.

**You have your 401(k)...**  
**Your diversified portfolio...**  
**Your retirement nest egg...**

You've thought of everything – except for how to protect these assets should you need long-term care. Just one year in a Connecticut nursing home can cost more than \$151,000. And Medicare and health insurance may only cover a fraction of these costs.

The policies addressed in this class assure you of the highest quality standards. They're affordable and provide asset protection, protect against inflation and – most important – give you peace of mind through your retirement years.

Special guest speakers Aldo Pantano, from the CT Partnership for Long Term Care, with the State Office of Policy and Management will be showing a presentation and will answer your questions. Come learn about how the State's Partnership for Long-Term Care can help you plan ahead for your future long term care needs.

**This event is free and open to the public. No registration is required.**
